As you are aware by now, Karl Vella Foundation has been providing educational and psychological support to children in families disrupted by the illness or loss of a family member for the past 6 years. We are pleased to inform you that KVF will be offering once again 'The Wellness Pod' programme between July and September 2021. This programme is offered to children between the ages of 5-16 years old who are going through difficult time, particularly due the illness or loss of a family member. All the sessions are offered free of charge.

The children can choose any of these programmes according to their respective age bracket. All programmes consist of 10 sessions and are 75mins long.
